

# SHOW ACTION EQUIPMENT

Our Show Action Equipment takes lifting, animating, and projecting rides to the next level. Setpoint specializes in working with your ideas and themes to combine show action sets with ride systems. These heavy-duty and highly-reliable solutions enhance your creative team's ability to produce unique shows, while keeping the attractions safe and exciting for riders of all ages.

SETPOINT

# SHOW ACTION EQUIPMENT

At Setpoint, the **Genius Within** means sustaining the magic with 100% reliability and no show stoppages. We understand the importance of the show, and that broken equipment means a compromised guest experience. That is why we design and manufacture show action equipment that exceeds the industries highest uptime and safety requirements.

- \* **Designed for 365, 16-hour days.**
- \* **Proven 100% up-time. No show stoppages.**
- \* **Can be delivered with ride systems.**
- \* **Large scale animatronics.**
- \* **Includes projector domes and lift systems.**
- \* **Custom designs to meet theme requirements.**

To achieve these incredible results, Setpoint commits 25+ years of creativity, intelligence, perseverance, hard work and a commitment in meeting promises. Setpoint brings over 160 combined years of engineering and custom manufacturing experience, creating over 80 attractions, many of them are world-first or one-of-a-kind attractions.
